## WALL MOUNT FOR 105" INTERACTIVE TOUCHSCREEN

Ref.: ST-SM-105

This wall mount is specially designed for 105" interactive screens. An elegant and robust display solution, enhancing the aesthetics of your SpeechiTouch interactive touchscreen:

- Ideal for professional, educational, and commercial environments.
- Made with quality materials, this wall mount offers a solid fixation for your screen.
- Its minimalist and discreet design ensures harmonious integration into any space, emphasizing the screen rather than the mount.
- Although fixed, the mount allows easy access to all ports and controls of the screen, ensuring an unconstrained user experience.
